PUBLIC LANDS FENCED

Thousands of Acres Cut Off From Bona Fide Settlers.

THE EVIL GROWING SERIOUS.

District Attorneys in the Far West Have Been Instructed to Prosecute Any One Infringing on the Public Lands.—In Case This Does Not Have the Desired Effect, Troops May Be Asked For.

DENVER, June 6.—The United States authorities are on the warpath against cattle companies and private individuals guilty of fencing in public lands. J. E. Lewis of Morgan county, who acknowledged that he appropriated 3,600 acres to his personal use and surrounded the same with a wire fence, has been placed under a bond of \$500 to answer before Judge Hallett.

It is claimed that hundreds of thousands of acres of public lands in Colorado are shut off from bona fide settlers by wire fences, some cattle companies gobbling up whole townships and resisting every effort of settlers to enter.

Troops May Be Asked For.

WASHINGTON, June 6.—The fencing of large tracts of public lands by cattle companies or individuals recently has received a fresh impetus. As yet it has not attained anything like the proportions it had in 1887, when several million acres were illegally appropriated. The evil has not become serious enough to require drastic measures, but a number of complaints have been received. District attorneys in the far west have been instructed to prosecute any one infringing on the public lands. In case this does not have the desired effect, troops may be asked for.

OHIO MINERS DESTITUTE.

An Appeal Will Be Made For the Actual Necessaries of Life.

MASSILLON, O., June 6.—The miners of Massillon met in the rain yesterday afternoon and voted to accept the new scale of 51 cents, under protest, and at the same time framed a strong appeal to Governor McKinley to send relief. They ask for help on the ground that they are now physically weak from long destitution and that at the new rate they can not supply themselves with the necessities of life, even with steady work.

Mass meetings were held elsewhere in the district, the scale being rejected at Navarro, East Greenville, Dalton and Pigeon Run. In the southern Ohio field preparations are in progress for immediate resumption.

Sails on Her First Trip.

NEW YORK, June 6.—The American line steaming ship St. Louis left her pier at the foot of Fulton street promptly at 11 o'clock yesterday to enter upon her first voyage across the ocean. She carried the full number of cabin and saloon passengers for which she has accommodations. A heavy fog enveloped the river and harbor, which prevented the greeting of the St. Louis by steam and sailing vessels as she passed toward the ocean, such as she would have received had the atmosphere been clear.

Attempted Shakedown.

SPRINGFIELD, Mo., June 6.—A. H. Chitty, keeper of a hotel at Willow Springs, went into the office of Joseph Fisher, capitalist and extensive property owner of this city, a little before noon yesterday, locked the door and threatened to kill Fisher if he did not give him \$1,000. Fisher wrote out a check for the sum, but payment was stopped and Chitty was arrested. He blames Fisher for foreclosing on his property and says his wife was worried to death by financial reverses.

Survivors of the Colima Disaster.

MAZATLAN, June 6.—A telegram received from Acapulco states that the Barracouta arrived there with Chibberg of Seattle, who was seen by Officer Hansen immediately after the disaster on one of the life rafts with six other men, having two oars. The Barracouta also has aboard Johnson, Gonzales, Peters and Crow. These four will proceed to San Francisco on the Colon. The survivors from the life raft are J. J. Noon, Jose Pegueros, A. S. Martin and two others.

Debarred the Use of Mails.

WASHINGTON, June 6.—Liam Smith, L. Linn Smith, Linn Smith publishing house, Magic Key company, Foreign Trade Directory, Mammoth Publishing company, Magic metal works, Big Mail company, Gummed Address company, Linn Smith commission house, Giltedge Directory company of Philadelphia, all different names for the same persons, have been debarred the use of the mails on the charges of using them for fraudulent purposes.

Premature Explosion of Dynamite.

ELIZ, Pa., June 6.—By the premature explosion of a dynamite cartridge to be used in a waterworks excavation yesterday afternoon, Charles Harty was instantly killed, his body being mangled in a terrible manner, and Jason Lathrop was severely injured. William Lawrie, Seifert Jullinke, Antonio Hedlund and John Hedlund were also badly hurt. The cartridge which exploded contained 25 pounds of dynamite.

Jumped Overboard.

PORT TOWNSEND, Wash., June 6.—Professor Nash, chief of the British educational bureau in India, and husband of a Hindoo princess, jumped overboard from the steamer City of Topeka a few miles north of Queen Charlotte sound last Monday and was drowned. The body was not recovered.

FITZSIMMONS READY.

Dallas, Texas, Likely to Get the Big Fight If It Ever Comes Off.

NEW YORK, June 6.—The proposed Corbett-Fitzsimmons mill at Dallas still remains the topic of discussion among the sporting men here. Manager Brady said last night that he was perfectly satisfied with the arrangements made by the Dallas representatives that his man would be in the ring fit and ready on the day to be fixed in the latter part of October by the Dallas people.

The Associated Press reporter called on Fitzsimmons at his residence last night. In response to a number of questions the ex-middleweight champion said: "I feel perfectly satisfied that the contest will take place at Dallas, as the business men there, through their representative, Mr. Stuart, seem to be on the level."

"There has been some remarks on questioning my sincerity in this affair, and some persons have been unkind enough to say I will weaken. I can assure you and the public as well, that I am just as ready to meet Corbett as I would be to meet an inferior in the ring. Corbett, I believe, has said that I was not in his class, but if Charlie Mitchell was in his class, then I certainly must be, and I can not see where I could possibly be left out. Depend upon my word, Mr. Corbett has a big contract on his hands and when he meets me he will tackle a better man than he has ever met before."

"Give me a fair, trustworthy referee and I have no doubt that I shall prove myself the better man. It is just possible that I may weigh 20 pounds heavier than Corbett, but I can easily make up for that and our relative weights may be 168 and 187."

Philip J. Dwyer, stakeholder for the coming fight between Corbett and Fitzsimmons, when seen last night said: "I am perfectly satisfied that Fitzsimmons and Corbett will meet to test their scientific capabilities in the latter part of October near Dallas. I have now in my possession \$25,000, \$10,000 each from the principals' side bets and \$5,000 guarantee from Dallas people. As yet I have not received the \$5,000 forfeit money which was promised by Fitzsimmons and Corbett, but I feel certain that the men or their backers will put this money up before the end of this week."

Dan Stewart expressed the utmost confidence as to the posting of the pugilists' forfeit before the ending of the week. "I will remain here," said he, "until next Monday or Tuesday, and I am quite satisfied that the arrangements I have so far made will be carried out to the letter."

OPENING UP A NEW TRAFFIC.

American Flour to Be Exchanged For Chinese Rice.

SEATTLE, Wash., June 6.—James J. Hill, president of the Great Northern, while here spent most of his time in conference with Woo Gen, Seattle manager of the house of the Wa Chong company of Hong-Kong, and made searching inquiries respecting the disposition of Chinese toward flour as an article of food.

Woo Gen was of the opinion that if flour could be laid down in China for 12-15 cents per sack of 50 pounds, it could be sold at a profit of 75 cents by dealers and compete with rice. He thought that if the great masses of China only began to use flour they would not go back to rice, and if it could be placed within the reach of laboring classes a demand would be created so large that all the flour mills on the Pacific coast could not supply one-tenth of the calls made on them.

Hill's idea is to carry flour so as to give it to the Chinese for half a cent per pound and bring return cargoes of rice so as to supply the markets here at half a cent per pound. He wants to be assured of a permanent demand before taking up the enterprise, and says that if the Great Northern does not put on a line of steamers they will get the largest and best possible to be obtained.

Defeated Himself With a Gun.

DETROIT, June 6.—Yesterday evening Oscar S. Fisher of Spring Wells met Hugh McAfee. It is claimed that McAfee stepped up to Fisher and after repeated threats of killing him, which he is alleged to have made before, struck him in the face. At this Fisher drew his revolver and shot McAfee in the region of the heart. The wounded man died soon afterward and Fisher was arrested.

Both Gold and Silver.

SPRINGFIELD, Ill., June 6.—The Democratic state silver convention adjourned last night after a session in the course of which there was but little discussion. Resolutions were adopted declaring in favor of both gold and silver as the standard money of the United States, at the ratio of 16 to 1, without waiting for the action of any other nation.

BUZZARDS BAY, Mass., June 6.—A special train bearing Mrs. Cleveland and her two children and two maids and also Mrs. Olney, wife of the attorney general, reached Gray Gables station at 10:15 last night. Mrs. Olney went direct to Falmouth her summer home.

COLUMBUS, Ind., June 6.—Sangle Smallwood, a well-to-do citizen of Jonesville, while hunting squirrels yesterday accidentally shot himself, and died in a few minutes.

ACCUSING A DEAD MAN

Miss Harrington's Murderer Never to Be Punished.

BELIEF OF SAN FRANCISCO POLICE

Ex-State Senator Buck Accused of Striking the Fatal Blow That Ended the Young Lady's Life.—An Alibi Not Borne Out by a Strict Investigation.—Damaging Letters Found in Miss Harrington's Room.

SAN FRANCISCO, June 6.—The Evening Post states that the entire detective force of this city is convinced that ex-Senator Buck struck the blows which killed Miss Nellie Harrington in her flat last Saturday. Buck died Tuesday from the effects of injuries sustained by being thrown from a cart while being driven by a policeman to the office of the chief of police. The local chief of detectives said: "I don't want to talk about this murder because I hate to fight dead men."

The conclusions of the police are said to be based on the contents of 15 private letters found in Miss Harrington's room, which are said to indicate between the murdered woman and Buck even greater intimacy than appeared on the surface. On the back of Buck's photograph Miss Harrington had left a written request that it be destroyed at her death.

The alibi of Buck, as stated by his family, is not borne out by police investigation. Detectives state that instead of remaining in his Oakland residence from the time of the arrival of the Maryville train at 11:30 until 1:30, as stated by his son, Senator Buck actually left home a few minutes after noon.

An Oakland resident named Chamberlain came across the ferry with Buck and Chamberlain's bookkeeper states that his employer arrived at his office before 1 o'clock. This, the police say, would give Buck time to proceed to the Ellis street residence of Miss Harrington, commit the crime and get away before the hour of the alarm of five was rung in from the flat.

In trying to fasten the crime on Buck the detectives are piling up cumulative evidence. They say the dead senator's actions after the tragedy were suspicious. When he returned to Oakland on the ferry many of his acquaintances dismissed the murder, but Buck kept silent, and although he had the afternoon papers with the accounts of the crime, he said nothing to his family of the murder, although all the members knew Miss Harrington well.

It has been proved that Buck was in the habit of making midday calls on Miss Harrington, and the murderer must have been on intimate terms to secure admission to her room and to make his exit unnoticed. Buck's remarks to the policeman who went to his house on Saturday were: "I know what the police want me for," is also considered by the detectives to corroborate their theories. The most unfortunate feature of the police theory is that the accused is dead, and no testimony can be offered in reply to the police suspicions.

JUDGE LONG'S PENSION CLAIM.

It Is Now Likely to Go to the United States Supreme Court For a Decision.

WASHINGTON, June 6.—The pension case of Judge Charles D. Long of Michigan, which has been before the local courts in one form or another for some time, was finally determined yesterday by the court of appeals, the commissioners of pensions coming out victorious, though the probabilities are that the case will now be taken to the supreme court of the United States.

About a year ago Commissioner of Pensions Lochran caused the pension of Judge Long to be reduced from \$75 to \$50 per month. Subsequently the case came before Judge Bradley of the district supreme court, and he decided in effect that the commissioner of pensions had no authority to reduce the pension.

The court of appeals yesterday reversed that decision, holding that a pension is not a vested right except in a very limited sense, as shown by the act of Dec. 21, 1893, that the courts can not interfere in matters of this kind and that the commissioner of pensions had a perfect right to review the acts of his predecessors.

Freight Runs Into a Passenger Train.

PARIS, Tenn., June 6.—An accident that came near resulting in serious loss of life occurred here yesterday. While a Louisville and Nashville passenger train was standing at the station a freight train, which the flagman had not signaled, crashed into it, telescoping the two rear coaches and carrying the passenger train a hundred yards down the track before it. J. Wilson, wife and three children of Arkansas and several other passengers were badly shaken up, but not seriously injured. The trainmen escaped by jumping. A crowd of passengers, who were standing on the platform, were warned in time to escape injury.

Little Child Fatally Injured.

ELKHART, Ind., June 6.—A frightful accident occurred to the 3-year-old daughter of Jacob Wilkinson. The father was hauling stone and the little one was on the wagon with him. As they drove along the child reached out, trying to touch the trees with a switch. She lost her balance and fell out, her hair getting entangled in the wheel, which grazed her head, almost tearing off her entire scalp. The child will die.

BUFFALO, June 6.—Mrs. Henry Perine of this city, mother of Mrs. Cleveland, has been asked to visit Gray Gables next month.

SENATOR THURSTON INTERVIEWED.

How the Financial Question Will Figure in Politics.

SALT LAKE CITY, June 6.—Senator J. M. Thurston in an interview on the political situation, said: "At the time I opposed Bryan for the senate I took the position that the United States could not take care of all the silver in the world, but should take care of the American product under such conditions as would make a silver dollar as good as a gold dollar anywhere. I believe the Republican party will make a declaration substantially the same as that of the national platform in 1892. It binds the party to take care of the American product, and I believe the obligation will be recognized."

"The large wing of the Democratic party which sided with the Populists will declare for free and unlimited coinage of silver. I feel now that there will be two moderate conventions. When the convention is held I believe the free silver wing of the party will be in control, though it may not be able to nominate on account of the two-thirds rules."

"I do not see how the Republicans can go any further than they did in 1892 without declaring for free and unlimited coinage. The disposition of the silver Republicans to bolt is only found to any great extent in Colorado, Montana, Wyoming, Idaho and Nevada. The Republicans of Oregon, California, Washington and the Dakotas will support the party declarations."

FLOUR OUTPUT.

What the Northwestern Miller Has to Say About the Markets.

MINNEAPOLIS, June 6.—The Northwestern Miller says: Flour output last week at Minneapolis, 219,575; Superior, 94,010; Milwaukee, 39,910; St. Louis, 57,900; total, 411,395. At Minneapolis business was light, but holding off and taking only what could absolutely get along with.

The week's sales were somewhat under 100,000 barrels. Prices on paper are easier, particularly after Tuesday's decline in wheat. Some firms are stronger in views than others. Exports are extremely light. The output is likely to show another decrease, and it may be a considerable one. The export shipments were 41,200 barrels against 35,500 the week before. Feels weak and slow, nearby stuff about the only thing sought after.

With Superior-Duluth mills the market was far from satisfactory. The jobbers evidently reselling at prices under those of millers. Foreign bids are much below the millers' views.

The export shipments were 13,400 barrels, against 35,400 the week before.

DEPUTIES ON GUARD.

The Situation at the Gaylord Mines Is Now Quiet.

MARTIN'S FERRY, O., June 6.—Everything was quiet at the Gaylord coal works Wednesday. It was the intention of the company to make an effort to start the works Wednesday morning, but only seven miners appeared to work, and these were sent home, telling them to return Thursday.

Several deputies were on the ground. Seven of the alleged rioters were arrested Tuesday night, and others will be arrested by deputy United States marshal. They have the names of 44 participants. One of the men arrested carried a revolver 14 inches long. Nine of the men who were assaulted are unable to work. Only eight of the 50 miners at work escaped uninjured.

Three of the men who were missing were found at Bridgeport. Some of the men were afraid to return to work.

Hanged by a Mob.

WASHINGTON, June 6.—A special to The Post from Birmingham, Ala., says that near Strasburg, Ala., Monday night Jim Powell, colored, entered the room of Mary Bussey, aged 15, daughter of a prominent farmer, and attempted to assault her. She screamed for help. Her father came, but the negro escaped. A posse was hastily organized and gave chase, capturing Powell near Galena Tuesday evening. He was taken back to Strasburg and identified. The posse then left with him ostensibly for the county jail at Clanton, but Powell's body was found yesterday morning hanging to a tree a mile from Strasburg.

International Courtesies.

SOUTHAMPTON, June 6.—The mayor of Southampton gave a lunch yesterday in honor of the officers of the United States and Italian warships now in these waters. There was a distinguished company present, including the United States consul here, Mr. Warner S. Kinkead. The mayor proposed the health of the president of the United States. In toasting the officers of both squadrons, the mayor dwelt upon the fact that such interchanges of courtesies were doing much for the preservation of peace.

Little Blue River Overlooked.

HEBRON, Neb., June 6.—Not before in seven years has the Little Blue river gone over its banks. It has deluged the whole of the Blue bottom from two to five feet. The gardeners had just completed planting 20 acres of celery and other garden truck, which is all swept away; damage \$2,000. Wellheads Brothers' mill is flooded and some fears are felt for the foundation. All traffic west of Hebron has been cut off, as none of the bridges on the river can be crossed.

Revolutionary Playcards.

LONDON, June 6.—The Times' correspondent at Tananarivo telegraphs that playcards have been secretly affixed to church doors in that place, inciting the people to kill the Madrasse queen and premier and to welcome the French.

RECRUITS FOR CUBA.

Several Expeditions Being Fitted Out in United States.

ARMS FOR THE INSURGENTS.

The United States Authorities at Washington and the Spanish Legation There Have Been Notified and Are Informed of All the Movements of the Expedition and the Names of the Ships in Use.

HAVANA, June 6.—The government authorities have information of an expedition from Dauphin island and other places in the bayons of the Mississippi river, which is being fitted out with a considerable armed force to help the rebels here. The United States authorities at Washington and the Spanish legation there have been notified and are informed of all the movements of the expedition and the names of the ships in use. The authorities also have their eyes on some suspicious movements about Mobile.

In reply to direct inquiries the acting captain general says there is no truth whatever in recent reports that Marti is still alive. He says the corpse of Marti has been identified beyond the slightest question. No news concerning Maximino Gomez has been received since May 20, the day of the fight at Dos Bids, where Marti was killed and Gomez reported wounded. The acting captain general says that the reports that Marti is alive are being circulated by Cubans for the express purpose of keeping up the courage of the people interested in the expedition now rendezvousing at Dauphin island.

The troops stationed at Jiguabos have had a skirmish with the insurgents, who lost two killed, and another encounter took place at Sabinilla on the railroad to Santiago de Cuba and not far from Jiguabos. In the latter encounter the insurgents were dispersed with one of their number killed.

STILL BELIEVE MARTI LIVES.

He Is Expected to Be Heard From in the Near Future.

NEW YORK, June 6.—The Cuban patriots in this city confidently assert that Jose Marti, whom the Spanish officers reported as having been killed in a recent engagement between the regular troops and the insurgents, is alive, and will be heard from at the proper time. Benjamin Guerra, who is treasurer for the revolutionists in this city, in speaking of the conflicting reports of Marti's death, said:

"I am absolutely sure that Marti lives. He is somewhere in the camps of the Cuban patriots, and is being well cared for. I personally received a telegram from Pancho Gomez in which he assured me that he has good evidence that Marti is alive. The last letter received by Mr. Guerra from Marti was dated May 9, and at that date Marti was 200 miles from the spot where it is reported to have been killed, and from plans as given then he had no idea of visiting the spot in which he is reported to have met his end."

CATTLEMEN CONCENTRATING.

A Moody Battle Imminent in the Elkhead Mountains.

DENVER, June 6.—A special to The News by courier from Eddy, Colo., says: A contingent of some 40 horsemen passed through Twenty Mile park yesterday from Ergeria park and Rock Creek, bound for the cattlemen's rendezvous on the Hayden bottoms. Provision wagons followed and the general aspect of the party was that of business. Cowboys and ranchers composed the party.

No blood has yet been spilled, and will not be until the opposing forces meet if at all. The battle, if the cowboys meet resistance, will occur near the head of Elkhead, in the Elkhead mountains, 35 miles northwest from Hayden.

A rumor from Dunk, who has just joined the Ergeria park forces, states that the entire male population of Williams park has started across the country for the Elkhead rendezvous.

CAPTURED BUT ESCAPED.

A Murderer Terrorizing Everyone He Meets With His Gun.

CLARKSVILLE, Tenn., June 6.—William Mallory, who brutally murdered his stepfather, Luke Allen, near here last Friday, was captured by Sheriff Collier, but in some manner made his escape and is hiding in the numerous bluffs on Spring creek, in this county.

He is roaming over the country barefooted, and armed with the same pistol with which he committed the murder. He is terrorizing the citizens, colored people especially, by threatening all he meets with his gun. A posse is now on the hunt for him. When captured he was shooting rabbits.

JUNE WEDDINGS.

The Nuptials of Miss Mary W. Clay and Mr. Gerrit H. Albers—The Debold-Brodt Marriage.

Two or three years ago Mr. Gerrit H. Albers, of Grand Rapids, Mich., then a student at the University of Michigan, came here to attend the marriage of his friend and schoolmate, Milton Johnson, Esq. The marriage occurred at Mayslick, and among the many fair daughters of Mason the handsome young student met on that occasion was Miss Mary W. Clay, daughter of Mr. and Mrs. Isaac Clay, of Helena.

The two were in each other's company but a short time, but during that time Cupid was not idle, and when Mr. Albers returned next day to his studies at Ann Arbor the lovely one whom he had met was enshrined in his heart.

A correspondence followed and the chance acquaintance soon ripened into a warmer attachment. Indeed, it seems to have been a case of love at first sight, on the part of both.

Yesterday the hospitable home of Mr. and Mrs. Clay was the scene of joyous nuptials, and the happy young couple who had met at the marriage of their mutual friend a few years ago were themselves united in the bonds of matrimony.

Rev. F. M. Tindler of the Mayslick Christian Church officiated, the nuptial ceremony being most beautiful and impressive. Guests were present from Chicago, Grand Rapids, Louisville, Harrodsburg, Paris and other points. Shortly after the ceremony, the couple drove to this city, and left for their future home at Grand Rapids.

The bride belongs to a family that has long been honored in Kentucky, and is a lovely and most charming young lady. The groom is a young attorney of great promise, and at present holds the position of Court Commissioner at Grand Rapids, a judicial office that pays a salary of \$4,000 a year.

The BULLETIN joins in the good wishes extended the happy couple.

DEBOLD-BRODT.

A quiet wedding was solemnized at the hospitable home of Mr. and Mrs. John G. Brodt on Limestone, Ky., on Wednesday morning at 8 o'clock, when John W. Debold, of Paris, Ky., and Miss Tillie Brodt were united as husband and wife.

There were no invitations except to the immediate relatives, but the presents received were many and valuable.

The bride's dress was a traveling costume of old rose novelty. She carried a large bunch of bride roses and wore handsome diamonds. The groom was dressed in black. Mr. E. S. Williams and Miss Jennie Brodt were the attendants.

After the ceremony the company adjourned to the dining room, where refreshments were served on a table decorated with beautiful ferns and flowers.

The pleasant home was indeed a cozy retreat for such an event, and the darkened-lighted rooms filled with children and grandchildren rang with words from overflowing hearts and the peals of laughter from the children echoed the sentiment of the occasion.

The wedding party left on the C. and O. morning train West, for a brief bridal tour, after which they will take up their residence in their new home in Paris.

May their lives be as happy as the day of their marriage.

IT WAS ACCIDENTAL.

The Drowning of That Unknown Man. Geis and Gilbert Promptly Discharged.

It was clearly established yesterday that the drowning of the unknown man a short distance below Maysville Monday was accidental.

Such was the verdict of the jury at the inquest held by Coroner Roe, and the decision of 'Squire Bramel at the examining trial of John Geis and Nathan (Kirk) Gilbert was to the same effect. The warrant against Geis and Gilbert, charging them with murdering the man, was promptly dismissed, and they were discharged.

The testimony of parties living close to the scene of the drowning went to show that Geis and Gilbert, instead of drowning the man, called for help to save him. It was also brought out that the unknown was himself partly responsible for the accident.

The State was represented at the trial by County Attorney Adair and the defense by Messrs. Charles D. Newell, John L. Whitaker and James N. Kehoe.

ON THE DIAMOND.

The Maysville Boys Meet the Browns From Buckeye-dom this Afternoon And To-morrow.

From all that has been learned of the Browns of Hamilton, O., they will give the Maysvilles a hard fight in the games of ball this afternoon and to-morrow afternoon. Wellner proved himself a great twirler last season when he was with the locals, and it is said he is pitching better ball to-day. Taylor is a greater catcher, and in addition to that is a fine all-round player.

The game this afternoon will be called at 3 o'clock. Miller will probably be in the box for Maysville.

A large crowd will no doubt be on hand. The game will be one of the best of the season.

The Maysvilles will likely go to Ashland ere long to play the team at that place, and Brother Miller is actually expecting to see his "hard hitters" win!

The friends of Mrs. Mamie Dodd, of Louisville, will be glad to learn that she is much better and continues to improve.

The meeting at the M. E. Church, South, increases in interest. The service yesterday morning left an impression on the minds and hearts of those present that the flight of years cannot obliterate. Mr. Browne's comment on Matt. 16:24 was little less than an inspiration to his audience. Service daily at 7:30 p. m. and 9 a. m.

During the storm Tuesday afternoon lightning struck a residence at Sherburne, and a wire clothes-line attached to one corner of the building probably saved the lives of the family. The electric current ran off on the line to a post and then into the earth, tearing a big hole in the ground. The building was set on fire, but was saved by prompt work of the neighbors. The man and his wife were both unconscious for a time.

Mr. John C. Lovel, the present efficient City Assessor, has accepted a position as day clerk at the popular Central Hotel, and will go on duty next Sunday. Mr. John Broese, who has held the position for years, retires on account of his health which has not been good for some time. Mr. Lovel has a large acquaintance, is very popular among his many friends, is courteous in his intercourse with everybody, and the proprietors of the Central are to be congratulated on securing his services.

Mr. C. M. Fowler, of Mt. Sterling, candidate for the Democratic nomination for State Superintendent of Public Instruction, has been in Maysville this week and was a caller at the BULLETIN office yesterday. Mr. Fowler is a scholarly gentleman, handsome and courteous in his bearing, and is a man of progressive views. He is in favor of a longer term—gradual increase until each child has the advantage of a ten months' school; better teachers, secured by more State normal schools and by a summer school for Institute Conductors, and he thinks in cities of the first four classes, Principals should hold State certificates, and Superintendents State diplomas.

A Mother and Her Babe Miraculously Escape a Horrible Death.

CHILLICOTHE, O., June 6.—Mrs. Will Peiffer with her baby in her arms started to walk through the stable yard at her father's home, when she was attacked by a cow. She and the baby were knocked down, and the cow attempted to gore them, but was prevented by the woman's brother, who knocked the animal down with a club.

The cow made a second attack, but this time stumbled and fell on its knees, striking the woman's breast and the horns grazing her face. Ghouls Frustrated.

INDIANAPOLIS, June 6.—An attempt was made early yesterday morning to steal the body of Rabbi Shererofsky. Four members of his congregation were guarding his grave, but the night was warm and they fell asleep under a tree. They were awakened by voices, and saw three men at the rabbi's grave. A CHARMING ENTERTAINMENT.

Showing What Hayswood is Doing For the Physical Culture of Her Pupils.

Maysville is again indebted to the faculty of Hayswood Seminary for a most charming and delightful entertainment. It occurred at the opera house last evening.

After a few remarks by the Principal, Dr. John S. Hays, the program, which consisted chiefly of exhibitions by the darsarte class, was begun.

The Indian club drills were extremely pleasing and the pupils certainly showed the most careful training. But special mention must be made of the fancy club swinging by Misses Hays and Wilson, which was not only the embodiment of grace and ease, but also showed the marked proficiency which Miss Hays has attained in the art of teaching.

A novel feature of the evening was the game of "Passing the Club" by the younger members of the class and the little ones' good night drill was perfectly rendered and attractive in the extreme.

That Miss Hays' excellence as a teacher should be and is most highly appreciated both in Maysville and elsewhere was clearly evidenced last evening by the warm applause and careful attention of the larger audience present who assuredly, on this occasion, "paid tribute to those to whom tribute was due."

Food

—But No Appetite

is a worse fix than "appetite but no food." Can you eat a meal with relish, or can't you? If you can't your stomach probably needs looking after, and this is the way to look after it: Take a tablespoonful of

Brown's Iron Bitters

in a little water, three times a day for a week and you'll be surprised how well you'll feel, and how hungry you'll be, and—but isn't this enough?

Brown's Iron Bitters is a medicine for all ages—children like it, and old persons nearly always need it.

It is pleasant to take and will not stain the teeth nor cause constipation. See the crossed red lines on the wrapper.

BROWN CHEMICAL CO., Baltimore, Md.
